

The 2016 Annual Budget for the General Funds has been approved. No budgeted amounts will be carried over to 2017.

Baronial Funds may be used to purchase only what the Society allows us to purchase. To this end, those wanting to use Baronial Funds will need to fill out and give to the Baronial Exchequer a filled out "Request for Use of Non-Event Funds" form -- which information includes what the funds will be used for and how much it will cost. It is recommended this be done before buying something as you may or may not be reimbursed.

Officers have been allocated a budgeted amount of money from the General Fund to run their Office and sub-Offices. Examples of this are: the Seneschal's Budget includes the Demo Coordinator; the Marshal's Budget includes Equestrian, etc. etc.

To insure that all Officers are aware of money being spent from their budget, Officers will approve all Requests for expenditures for their entire Office. Any Request form sent by a sub-Officer that does not include the Officer's approval will be forwarded to that Officer for approval. (The approval may be a signature on the form or an e-mail to the Exchequer stating approval of the requested amount.)

Guilds requesting funds will include the approval of the Arts and Sciences Minister.

Any questions please contact Ailesh at exchequer@baronyarnhold.org
